Essential Question

How will you launch your project to get students excited?

What enriching activities will you include? eg. guest speakers, collaborations, trips etc.

Authentic Audience

What is the vision for exhibition?

How will students develop their oracy through the exhibition?

End Product

How will you build in re-drafting?

What model will you use to show excellence?

Significant Content

What is the main curriculum area/s of focus?

What other areas of curriculum will be covered?

What is the main skill you want students to develop?
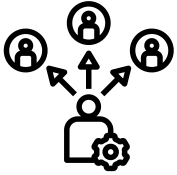

What other skills will be developed?

Assessment

How will you assess the main curriculum focus?

How will you evaluate main skill development?

How will you build in 'authentic assessment'?

Student Agency

What are the creative constraints for quality?

If a student is passionate, how can they work on the project in their own time?

What supports are on offer for students who may struggle?

Timelines

Backwards Planning

Session (start with the end!)	Activities / deadlines
